

Caspari Foundation

Trustee vacancies

Caspari Foundation is looking for committed individuals to join its Governing Council (as Trustees). We are looking for people with an understanding of the following:

- **voluntary sector marketing**
- **the legislative framework for charities**

Caspari Foundation supports children and young people with emotional and behavioural barriers to learning which hold back their educational and social development. We have been providing services in Islington and beyond since 2000, and our vision is that all children and young people who need help with learning and development should have access to affordable and appropriate support for their needs.

We work towards achieving this by providing educational psychotherapy for children and young people, support for families, training for teachers and others who want to learn about the emotional aspects of learning, and training for people who want to become educational psychotherapists. You can find out more about the work we do at **www.caspari.org.uk**

To find out more about the role please call Martin Williams on 020 7704 1977 or email martin.williams@caspari.org.uk
